

# Vacation Bible School (VBS)

When something is a mystery, it means it is veiled, and often hidden from view. When a detective is trying to solve a mystery, they look for clues, they study and research everything they can about that topic, and they ask lots of questions.

There are many things about our faith that can be a mystery to us. This year at VBS, we are going to dive in to uncover more about the amazing treasure of the Mass and the mysteries of Christ. With patience and perseverance, we can begin to understand a little more

clearly the wonderful things about the Mass and Jesus in the Eucharist. Every day, you'll be making new discoveries about our faith in each of the five stations: games, music, crafts, faith and snacks.

Become a Secret Agent and join us for a week of fun!
